STARTING PROCEDURE

The Alpharetta Women's Half Marathon & 5K, presented by HOKA, will have a wave start system in place to start the event. Runners will self-seed into groups according to their estimated finish time. Each group will be staged in a holding corral prior to the start of their group.

Reminder to Runners: The bib tag timing system will not record a starting time for a runner until that runner has crossed the timing mats at the start line. Time spent waiting to cross the start line is NOT included in the scored finish time for a runner.

GEAR CHECK

Athletes wishing to drop off a gear bag in the gear check area on Second St. between Avalon Blvd. and the start line may do so before 7AM. There will be extra gear bags in the Gear Check Corral. (NOTE: To pick up this bag post event, you will need to have your bib number on for proper identification to the volunteers working in the gear check area.)

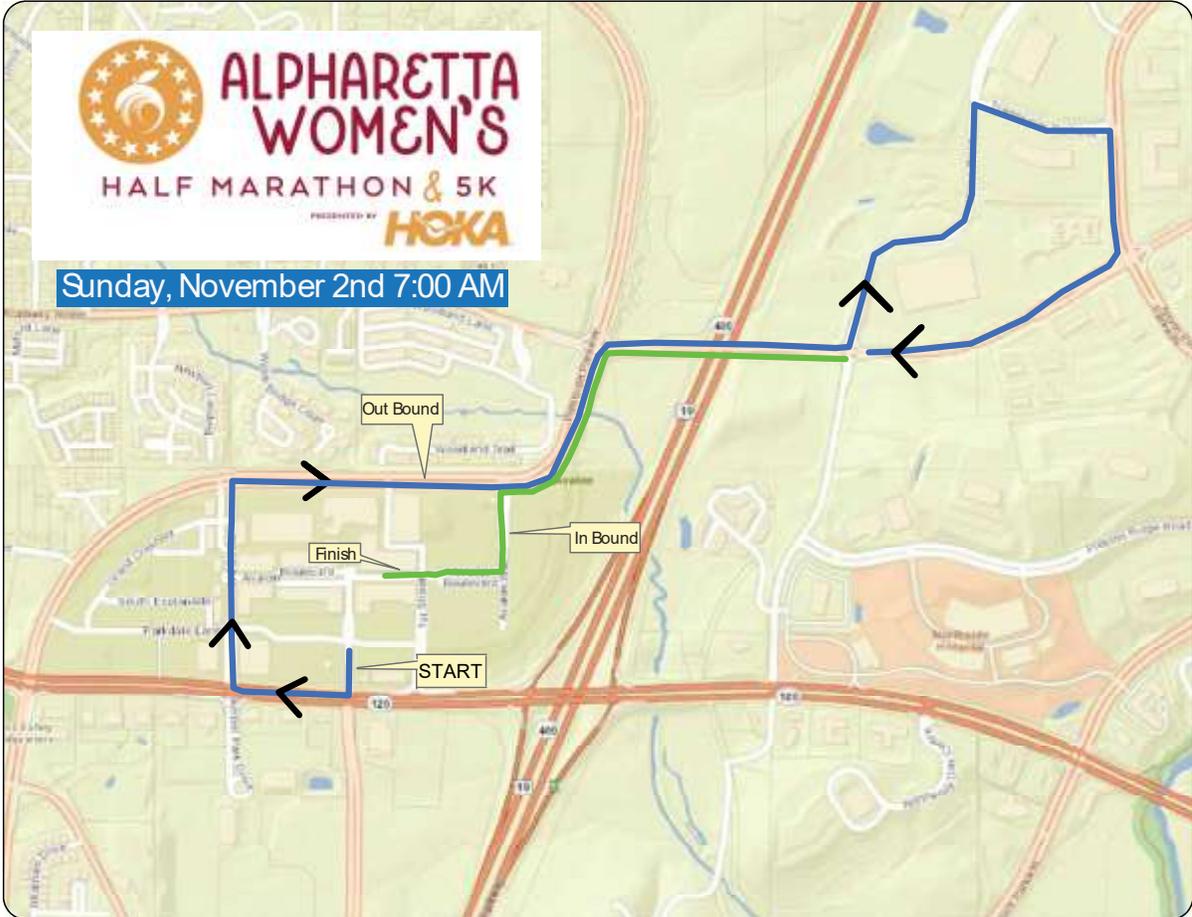

PACER GROUPS

The 2025 Alpharetta Women's Half Marathon will have several pacers assisting you along your trek through the half marathon course only! These groups will be comprised of two runners to each group, so you can follow them as they drive you towards your half marathon goals!
